SINH NGUYEN

Full-stack Web Developer - React.JS, Vue.JS and AWS
Ho Chi Minh, Vietnam
nguyentrisinh0810@gmail.com

PROFILE

Battle-tested full-stack web developer, who spends more than 5 years playing with two most popular modern frontend frameworks: Vue.JS and React.JS. I make use of AWS technology for backend and infrastructure need.

I'm also a high reputation freelancer with crossing 2000 hours so far in Upwork, largest freelance platform in US, that successfully deliver dozens of complex SPA web projects.
