

PROFILE

As a designer with 5 years of experience, I specialize in creating user-centered products that provide seamless, intuitive interactions and visually appealing designs. By empathizing with users and reducing cognitive load, I aim to create interfaces that are comfortable, familiar, and easy to use for people of all skill levels. By focusing on user satisfaction and creating a strong brand presence through visuals, I help companies attract new customers, convert first-time users into regulars, and retain existing customers. Industries I have worked with include social networking, E-commerce, Education, Healthcare, and SaaS.

CERTIFICATIONS

Upwork Skill Certification - User Interface Design, Certified by Upwork

JANUARY 2021

Certified talent demonstrate proficiency in user interface design through portfolio reviews which look for an understanding of what draws the eye initially and throughout the layout, clear visual communication, and an emphasis on maximizing usability.

The portfolio reviews were conducted by a panel of 2 or more user interface experts who evaluate sample work based on creativity and technical aptitude for current industry-standard user interface design tools.
