# ANH TRAN

**Full-stack Web Developer - React.JS and AWS**

Ho Chi Minh, Vietnam

anhttok@gmail.com

## PROFILE

I have more than 5 years trained with React-based technology: React.JS and React Native for web and mobile projects. In the recent years, I get myself self-taugh with latest AWS technology specifically on Serverless framework such as Lambda, API Gateway and DynamoDb for server-side and infrastructure.

I'm capable of:

Build your web product with React.JS/Next.JS (frontend) and AWS Serverless (backend)

Deploy final package to any cloud providers: Heroku, Digital Ocean, or AWS

Conduct any of code review, structure and technical refactoring of existing codebase.

Participate in optimizing and enhancing website speed, security and reliability. Configure and setup any of automated DevOps pipeline deployment.
